

TARRINA RESOURCES LIMITED

CORPORATE GOVERNANCE STATEMENT

Introduction

Tarrina Resources Limited (**Company**) has established a corporate governance framework, the key features of which are set out in this statement. In establishing its corporate governance framework, the Company refers to the recommended corporate governance practices for ASX listed entities set out in the ASX Corporate Governance Council Principles and Recommendations (**4th Edition**) (**Principles and Recommendations**). The Company's governance framework is consistent with reference to the 4th edition of the Principles and Recommendations.

This Corporate Governance Statement (**Statement**) discloses the extent to which the Company will follow, as at the date of its admission to the Official List, the Principles and Recommendations (**Recommendations**).

The Recommendations are not mandatory, however the Recommendations not followed have been identified and reasons provided for not following them along with what (if any) alternative governance practices the Company adopted in lieu of the recommendation.

The Company has adopted a Corporate Governance Plan which provides the written terms of reference for the Company's corporate governance duties.

Due to the current size and nature of the existing Board and the magnitude of the Company's operations, the Board does not consider that the Company will gain any benefit from individual Board committees and that its resources would be better utilised in other areas as the Board is of the strong view that at this stage the experience and skill set of the current Board is sufficient to perform these roles. Under the Company's Board Charter, the duties that would ordinarily be assigned to individual committees are currently carried out by the full Board under the written terms of reference for those committees.

The information in the statement is current at 14 August 2026 and was approved by a resolution of the Board on August 2026.
